SFUSD

SFUSD's Mandarin Immersion *TK-8* School

三藩市联合校区中文沉浸学校

Opening Fall 2027. San Francisco's first wall-to-wall Mandarin dual language immersion school.

SFUSD

WELCOME

Learn in Mandarin. Grow in two languages.

SFUSD is opening its first public Mandarin immersion school serving students from transitional kindergarten through eighth grade. Students learn in both Mandarin and English, building the skills to read, write, and think in two languages.

It will be SFUSD's first wall-to-wall Mandarin immersion school, and the first to offer Mandarin immersion in transitional kindergarten. Starr King and José Ortega elementary schools also offer Mandarin immersion for grades K–5.

> *"Immersion education opens the mind, bridges cultures, and prepares our students to lead as thoughtful global citizens."*
>
> Liana Szeto, District Lead for the MI TK-8 and Founding Principal, Alice Fong Yu

Our goals

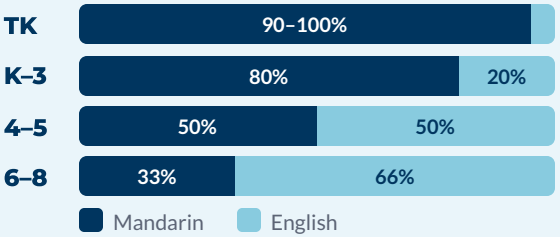

- Biliteracy in Mandarin and English
- Strong academics meeting California standards
- Cross-cultural understanding
- Readiness for the State Seal of Biliteracy after high school

THE PROGRAM

What students experience

Instruction happens in Mandarin and English. Language learning is woven throughout the day, not taught as a separate class.

Planned language model

Enrichment may include

- Visual, media & performing arts
- Social-emotional learning
- Chinese music & performing arts
- Martial arts
- Traditional & contemporary visual arts
- Community partner activities

The school also plans to explore cultural exchange study tours to Asia, allowing students to apply their language skills in authentic learning experiences.

> *"This is an exciting moment for San Francisco families who have been asking for a TK-8 Mandarin Immersion school."*
>
> Dr. Maria Su, SFUSD Superintendent

QUESTIONS

FAQ

How do I apply?

Apply at sfusd.edu/apply from Oct 23, 2026 to Feb 1, 2027. Learn more at the Enrollment Fair on Oct 24, 10am–2pm at Moscone Center.

How many seats will be available?

For 2027-2028, there will be 20 seats in TK (one class) and 66 seats in K (three classes).

Does my child need to speak Mandarin?

For TK-1st, any student eligible to enroll in SFUSD can apply. Each class will be composed of a mix of English and Mandarin speakers. We strive to create the best language learning experience for our students. From 2nd grade, all applicants must pass a grade-level Mandarin assessment.

How will students be assigned to this school?

For 2027-2028, this will be considered a citywide language pathway in the student assignment process. See sfusd.edu/tiebreakers for more information.

Why is there a temporary site?

A permanent campus won't be ready by Fall 2027. The school will start at 1670 Noe Street, sharing a site without changing the host school's programs, and move in Fall 2028. The permanent location will be announced in January 2027.

How can I provide input on the permanent location?

Reach out to Friends of the SF Mandarin School (info@sfmandarinschool.org), the parent group representing prospective families on the district's permanent location working group.
